NOTE: Bug in DCSW. AI's report waypoint position one ahead of actual. AI reports at WP3. Actually at WP2.

SITUATION: Two flights of 4 B-17's (Enfield 1 and 2) from 833 Bombardment Squadron will be returning from strike mission over Evreux, France. 3<sup>rd</sup> Reich performs occasional fighter patrols east of Lisieux.

TASK: Provide fighter cover for returning B-17's.

MISSION INFO: Takeoff from parking hot. Orbit Carpiquet Airfield, code named Texas, until Pontiac 1 flight is formed up. In DCSW 2.5.1 this will take about 10 min. Fly east to intercept returning B-17's at expected altitude of 10,000 Ft, and provide escort cover during their RTB west to St. Laurent-Sur-Mer. Weapons free after visual ID of enemy aircraft.

THREATS: PROBABLE: AAA; Fighter patrols east of FLOT.
