#### TACTICAL/MISSION BRIEF:

*Difficult Targets in Mountainous Terrain in tight valleys. Know your boresight procedures for TGP and MAVs*

*RV with Tusk Flight, A10c x2, at 16000ft contact on 251.0 (also AWACS freq).*

*Proceed at Low-level to TGT 1. Masked target in tight valley. Short IP to target run.*

*Maintain min 2nm trail on tusk when approaching IP-1. After max 10 mins on tgt-1, continue on course to tgt-2 with wingmen. Tusk Flt will RTB. Most Southerly waypoint has a Recce requirement on Power Station. At 3 mins to IP-2 contact FORD91, he will begin his attack run on targets obstructing our IP-2. Target2 is well camouflaged in fairly tight valley, caution with energy manoeuvres. Sukhumi is primary alternate airfield.*

#### TARGET INFO:

- 1) Support Target, Enemy FARP.*
- 2) Recce, Power Station under construction - confirm its position (DO NOT DESTROY)*
- 3) Primary Target, a) Ammo Dump - Use Mk82AIR or GBU38 as appropriate  
b) Support vehicles and Barrack/HQ building*

**THREAT INFO:** *SU27, MIG29, SU25, Hind Helis NOTE: SATELLITE PICS ARE 48HRS OLD !  
AAA ZU-23, SA-6,8,9,10,11,13,15 and Manpad SA-18.*
