

DCS World CallSign Gouge V1.0

With the introduction of the 2.7.9 OB update, *41 new call signs were added to the Mission Editor. The new call signs affect select Cargo, Bomber and Fighter aircraft. Each Category in the gouge lists the effected aircraft.

I have created a gouge that lists ALL DCS World CALL SIGNS by the following categories:

- ALL Aircraft and Helicopters (Using the 8 default Call Signs)
- AWACS only Call Signs (Using the 5 default AWACS Call Signs)
- TANKER only Call Signs (Using the 3 default TANKER Call Signs)
- ADDITIONAL CARGO Call Signs (Using the 4 new CARGO Call Signs)
- ADDITIONAL BOMBER Call Signs (Using the 6 new BOMBER Call Signs)
- ADDITIONAL FIGHTER Call Signs (Using the 35 new FIGHTER Call Signs)
- JTAC Call Signs (Using the 19 default JTAC Call Signs)

* Currently, the 41 new Call Sign voice sound files have not been implemented. New Call Signs are text only.

I've also included a text file that you can use to update the Custom Call Sign list located within CombatFlite.

A PDF as well as Kneeboard Pages are included for those who will use them.

Enjoy! Have a great 2022!

I have authored different products in the past for the Nevada and Persian Gulf Maps and the ever popular F-18 Hornet Avionics Guide (HAG), which has had over 15,000 free downloads. It takes a lot of time and research to make these products. I ask that if you are so inclined, buy me a cup of coffee or a beer for my efforts every once in a while! No contribution is too small. My PayPal address is paypal.me/bns130 ... I thank you in advance for your motivational contribution!
