

Livery List for the Battle of Vestfjord

Although not required for use with the mission packs, the following list contains the liveries used to recreate this fictional version of CVW-8. If you want the jets to look like they look for me (and in screenshots), here ya go. The Jolly Rogers liveries, even though they are for the A-model, should be installed for the B-model. They still work, don't worry.

F-14A VF-84 Jolly Rogers 1987 (Install in your F-14B liveries, sacrilegious as it sounds)
