- Provide Over watch for the insertion of Ranger Teams to secure Target AO perimeter.
- Provide CAS for Seal Team Six (Rawhide) as required.

AFTER ACTIONS REPORT – MISSION 03 – BUG OUT

AFTER ACTIONS REPORT (AAR)

COMPLETED

Mission Three - “Bug Out” Objectives:

- Provide Overwatch and CAS (if Required) for Romeo-7 (4 x HMMV Gun Trucks).
- Complete tasks as directed by the Operational Commander in the region (Whiplash-1).

3 July 2015 – Hawg Flight conducted Over watch and CAS for Romeo-7 along MSR Irish. Romeo-7 was ambushed along MSR Irish by Enemy Insurgents. Hawg & Reaper Flight provided CAS and repelled the enemy ambush. Romeo-7 continued on their route and neutralized a VBIED near WP2 – Irish. A VBIED was detonated on the NW perimeter of FOB Suse at the TIF perimeter. Enemy forces consisting of foot mobiles and light armor attacked FOB Suse from the North and West flanks. Hawg Flight was tasked with immediate CAS to destroy the ambush forces. During the attack 8-10 HVT's escaped from TIF Cropper (Compound-6) and egressed to the West. UAV assets reported 2 x SUV type vehicles departing the AO shortly after the escape. The vehicles stopped South of the AO and a MI-24 Enemy Transport Helicopter picked up the suspected 8-10 HVT's and headed East. Whiplash-1 gave a HOLD FIRE order until the enemy helicopter landed at LM 32438 73426. Hawg Flight was cleared to engage the enemy helicopter and enemy forces at the LZ. All enemy forces at the LZ location were neutralized. The area was occupied by friendly forces within 2 hours of the attack. Intelligence gathered from the location is being analyzed by the S-2 at this time. Possible future HVT and other targeting information is expected from the captured intelligence. FOB Suse has taken immediate Force Protection measures to reinforce their base defenses. No further action or recommendations required. ///END OF REPORT///
